MicroClimate Air3

ZIMMERMAN Auto Body SUPPLIES INC.

THE RESPIRATOR

That Actually Gets Worn

air. by MicroClimate

NIOSH approved HE P100 PAPR with ANSI Z87.1+ full face protection, all in one.

Specifically designed to provide protection against airborne particulate hazards and aerosols in which the carrier gas is air. This includes solid and liquid particulates such as dust, mists, metal fumes, radioactive particles, and airborne droplets. Air3 respirators also offer effective protection against biological agents, including bacteria, viruses, mold spores, and pollen.

This makes Air3 suitable for AutoBody Bodywork, Sanding and Grinding, Manufacturing, Woodworking and Woodturning, Stone Cutting, Healthcare, and many more industries.
